CAKE PAN STYLE  
ACCESS DOORS &  
WALL PANELS

# cake pan style access doors & wall panels

## Cake Pan Style Access Door

### ■ Door Panel Construction

Our cake pan design has eliminated the need for aluminum around the door perimeter, resulting in an efficient fabrication process.

### ■ Door Gasket

Extruded Gasket Impervious to virtually all chemicals and highly flexible in extreme heat and cold.

### ■ Door Hardware

Door panel is prepped with extruded aluminum reinforcing sleeves at all latch locations to provide maximum strength and performance.

### ■ Door Panel Options

Field reglazeable view ports  
8" x 8" View Area  
11" x 11" View Area  
Clear or wire glass  
Variable panel thickness  
Variety of sheet options

### ■ Test Results

.25 total CFM @ 10" wg  
Zero water @ 8" wg

## Cake Pan Style Wall Panel

### ■ Application

Superior strength, lightweight, insulated wall panel for HVAC Cabinet Construction.

### ■ Wall Panel Construction

Our cake pan design has eliminated the need for aluminum around panel perimeter resulting in an efficient fabrication process.

### ■ Panel Hardware
